Vancouver, BC V6B 1R3

Weekly Support Groups: Wed 10:30- noon women's only group, Thu 10:30-noon smaller open group, Fri 10:00-noon larger open group

All groups serve coffee, snacks, and lunch. Clients only need to show up and sign in if they want to check it out. The purpose of groups is to support clients living with Hep C, help them move towards treatment if they desire, and to help manage physical and emotional side effects.

The Pender Clinic offers a full range of Hep C services; testing and blood work, treatment and support groups, counseling, access to new drugs through research studies, expert care and follow-up. We assist clients who are seeking treatment by helping them get their lives into a state of readiness which may include addressing issues such as housing, nutrition, and applications for funding etc.
